

TRACEY RACH, FINANCIAL COORDINATOR

Tracey started with the district in September of 2017. She has her two-year degree in Business Administration from the Community College of Baltimore County and has hopes of going back to obtain her four-year degree in Human Resources once her youngest is finished school. Her experience consists of over 25 years in financial services, bookkeeping, computers and customer service. This opportunity at Cecil Soil Conservation District has given her the chance to reconnect with her childhood. Tracey grew up in Glen Arm in Baltimore County and was involved in 4-H, showing dairy goats and competing in public speaking contests. She also worked on a local farm by picking produce and working at the Farmers Markets in Baltimore City and Towson.

When Tracey is not at the district she enjoys camping and spending time at the beach with her husband, Carl and sons, Garrett and Michael.
